

GREEN TRAVEL POLICY

Felix O'Hare & Company Ltd, operating in Construction is committed to managing the environmental impact associated with travel and transport.

We recognise travel has a direct impact on the environment, particularly through vehicle emissions, fuel consumption for plant and machinery and the knock on effects to local air pollution (CO² emissions) and congestion levels.

Felix O'Hare & Company Ltd is committed to reducing the need for unnecessary business travel and encouraging the use of more sustainable forms of transport across our operations. The specific Green travel practices which Felix O'Hare & Company Ltd is committed to at all levels within the Company are as follows:

- All staff are made aware of our Green Travel Policy at induction process
- Promote the use of park & go facilities/locations for car sharing
- Promote cycle to work scheme for projects within city centres
- Consider the location of meetings to minimise travel distances
- Encourage car sharing and the use of work vans & minibuses to minimise collective distances travelled to all our sites
- Encourage sub-contractors to use work vans & minibuses to travel to site to minimise collective distances travelled and comply with social-distancing requirements for travel.

This policy statement will be communicated to all persons working for and on behalf of Felix O'Hare & Company Ltd.

This policy should be read in conjunction with other Felix O'Hare & Company Ltd Sustainability Policies.
